

Name: _____

FRANCES XAVIER CABRINI

Directions: Imagine you're a knight in chess. Knights move in a special way; first two steps in one direction (up, down, left, or right) and then one step in a different direction. Just like a L-shape. Your mission is to find the word in each puzzle that relates to Frances Cabrini's life. Start with the highlighted letter, then "jump as a knight" to a new tile to find the next letter of the word. You can land only 1 time on a square to find the sequence that makes a word.
